Why Leave It To Chance?

Whoever you need to research, we can help. We make sure the lines of communication between you and your customers are always open. So bring your questions to Omnipoll for answers you can rely on, quickly and affordably.

Ipsos MRBI Omnipoll is conducted from our research centre in Blackrock, Co. Dublin every two weeks. We interview 1000 adults using randomly dialled mobile and landline numbers. We apply strict demographic quota controls. Our Omnipoll gives you the reliable information you need to make informed decisions.
